

First Sino-EU PerMed Expert Task Force Meeting

On 25 November 2021 the first Meeting of the Sino-EU PerMed Expert Task Force took place.

In order to identify the leading-edge topics of Personalized Medicine in the S&T cooperation with Europe and China, the first meeting of the Sino-EU PerMed Expert Task Force took place on November 25, 2021. Experts from Europe and China from different disciplines of Personalized Medicine came together to exchange, network and get to know each other. The goal of the Expert Task Force is to identify topics for the S&T workshops that will be organized by the Sino-EU PerMed Project starting in summer 2022. In addition, to act as a multiplier to propose other stakeholders in the field as speakers and stakeholders.

The experts work at important institutions for personalised medicine and form broad knowledge hub. The experts come from the Centre for Integrative Medicine Tuscany, Charité Berlin, Università degli Studi di Siena, Natural and Medical Sciences Institute, Homeopathic Clinic of Campo di Marte Hospital Lucca, Bio4Business, Silreal GmbH, Danish Innovation Center in Shanghai, Shanghai Institute of Materia Medica, HKU-Shenzhen Hospital, and Nanjing Tech University. The experts will meet regularly for further exchange. If you want to know more about the expert group or its activities, you will find them soon on the Sino-EU PerMed website.
